On January 25th, 2016, Anhui Heli Co. Ltd. (HELI) and Jungheinrich AG formally signed a joint venture contract in Shanghai, China. The joint venture, named Jungheinrich HELI Industrial Truck Rental (China) Co.Ltd, is committed to carrying out a full range of electric and internal combustion industrial vehicle rental business in China and for sales to some selected countries including Pakistan.

ICE Series 1 – 4.5 tons
Diesel / Petrol / LPG

ICE Series 5 – 10 tons
Diesel / Petrol / LPG

Battery Forklifts 3W
1 – 2 tons Up to 6m

Battery Forklifts 4W
1 – 10 tons Up to 6m

Reach Truck- Battery
1 – 2 tons Up to 12.5m

Pallet Stacker -
1 – 1.6 tons Up to 6m
Narrow and Wide Aisle

Pallet Movers
1 – 3 tons

ICE Series 12– 36 tons
Diesel H2000 / New H Series

Empty Handlers

Reach Stackers

Tow Trucks

Attachments

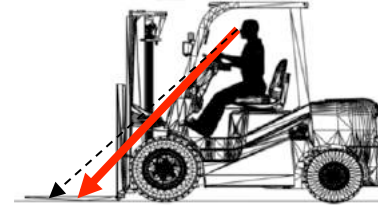

K series / *SAFE
RELIABLE*

**1–10 Tons / Height 2 – 7 meters with Japanese Isuzu,
Mitsubishi & Nissan Engines**

Fuel Efficiency up by 5% than anyone other offered brand in the market

New H series

- With ISUZU – KABUTA – NISSAN Engines
- Diesel – Petrol – LPG (Dual Fuel)
- Fuel efficiency increased by 12%*
- Noise Reduced by 3db
- Workspace increased by 45%
- Operator View increased by 20%
- Loading Capacity Increased by 5%
- Working efficiency increased by 10%
- Vibration reduced by 20% from all other forklifts in the Market

ELECTRIC FORKLIFTS

1-10 Tons / 3 – 6.5 Meters
Dual AC Motors
Operator Presence System
Solid Tires
150 Bar High Oil Pressures
Battery Auto Water
Battery Side Pull for 3 Shifts

Optional Single Point Filling System

G2 series

Renewable Energy Technology Battery **↑15%**

Battery Side Pull for Multiple Shifts

Hassle Free Battery Maintenance

Optional Single Point Filling System

Reaching New Heights up to 12.5 Meters

Capacity 1.6 – 2.0 Tons

ZAPI - Travelling / Lifting & Steering Motor

WAREHOUSE EQUIPMENTS

AC Series Stacker 1.2 – 2 tons

Counter Balance Stacker 0.6-1.6 tons

Straddle Stacker 1 – 2 tons

Semi Electric Stacker 1 – 2 tons

CURTIS

Double Deep Straddle
Stacker 1.2 – 2 tons

Double Deep Power Pallet 1- 3 Tons

DC Series Walkie Power Pallet
1.5 Tons

AC Series Pedestrian Power Pallet
2 – 3.5 tons

APPLICATIONS

Indoor Use - Light Duty
Work - Warehouse -
Freight handling Retail
Outlets - Beverage
Distribution - Frozen Food
Storage - Chemical
Handling and Processing
facility.

48V large capacity Lithium
Battery, long working time around
6 hours.

Charging Time – 3 hours.
1 Minute replacement of 2
batteries which can run up to 24
hours of operations.

Brushless motors, maintenance
free, High efficiency.

Steeples Speed, smooth speed
changing.

Small size, flexible steering,
narrow size for small spaces.

Multi Function Control
handle

1 Minute replacement
Lithium Battery

Wheel Safety
Cover

Charging Time
3HR

Fast and short boost charge, only 3 hours charging is sufficient to achieve full charge.

Working Time
6HR

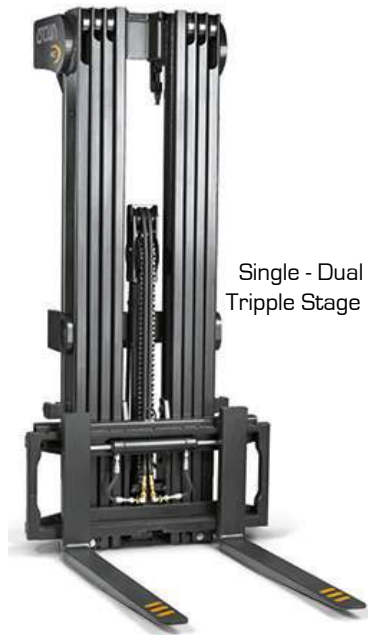

Powerful and robust energy. 48V/20Ah battery voltage. A fully charged battery can work continuously for 6 hours.

Work Shift
24HR

Prepare just two pieces of lithium batteries. One charging, one working, 24 hours without break.

SPECIAL ATTACHMENTS and ACCESSORIES

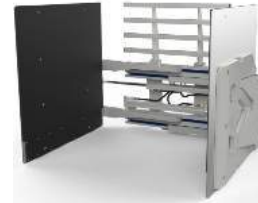

Single - Dual and
Tripple Stage Mast

Bale Clamp

Load Stabilizer for
Beverage Industry

Appliance Handler

Blue and Red Safety Light

Bucket

Multiple pallet handler

Push and Pull Slip
Sheet Attachment

Wireless Cameras

Paper Roll Clamp

Pallet Side Shifting

1 - 2 - 3 - 4
Drum handler

Pipe and Log handler

Becon Light

MAJOR APPLICATIONS

PORT HANDLING EQUIPMENT

Reach Stackers
up to 8 high

Empty Container
Handler up to 7 high
